In **Partner / Relay** competition, this sign means the following:

Team that is not starting the course will perform an honor at this sign (sit or down, judge's choice). This team needs to be in honor position prior to starting team beginning the course.

**Bronze level** Partner/Relay will perform the sit or down w/dog at handler's side.

**Silver level** Partner/Relay will perform the sit or down with handler in front of dog, on leash.

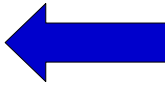

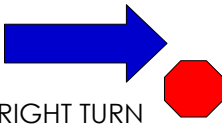

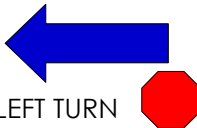

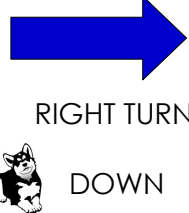

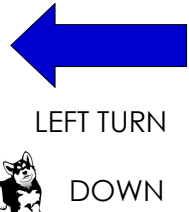

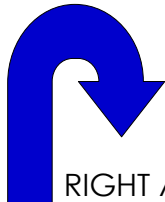

**Gold level** Partner/Relay will perform the sit or down with handler facing dog, 3 steps away and on leash.

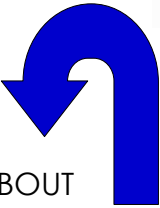

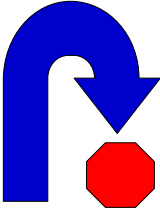

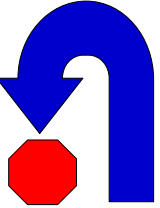

Starting team begins course.

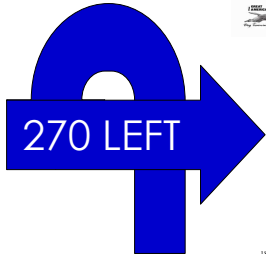

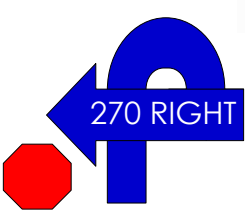

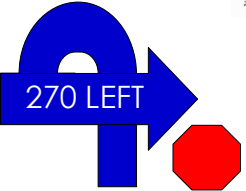

When starting team reaches this sign, starting team assumes honor position.

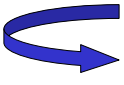

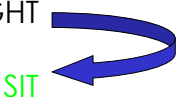

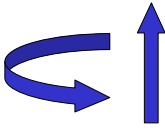

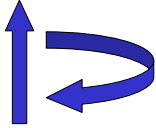

Once starting team is in honor position, second team continues through the remainder of the course.

When second team reaches end of course, judge releases the starting team from the honor position.
